ELEGANCE FINISH OPTIONS

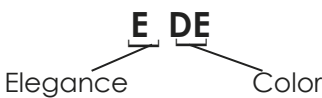

Select an Elegance Hardware finish option to distinguish your home from your neighbors', while increasing its curb appeal.

All of our hardware is available in the Black finish; to identify which items are additionally available in one of the distinctive Elegance finishes, look for  *The Mark of Elegance*.

When selecting your hardware in an Elegance finish, add the abbreviated Elegance color code to the end of the item's part number.

EX: If you are ordering 300-70016-EDE

It tells us you want a 16" hinge in the Dark Earth Color, rather than black.

EBL- Elegance Black; A timeless black in an antique finish.

 **EDE-** Elegance Dark Earth; Specs of rust and earth tones sprinkled in a satin finish.

 **EC-** Elegance Copper; A rich copper intertwined with black veins in a gloss finish.

 **ERB-** Elegance Oil Rubbed Bronze; A statuesque metallic brown bestowed in a satin finish.

 **ESN-** Elegance Satin Nickel; Glistening, silky nickel in a satin finish.

 The Mark of Elegance will distinguish which items are available in the additional Elegance finishes.
