

SelectView Window Possibilities

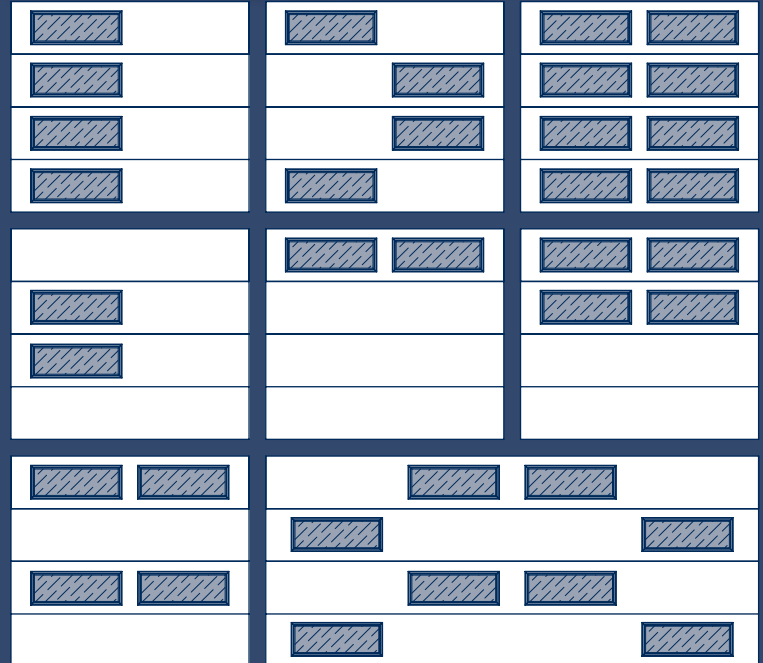

SelectView by Haas Door allows you to break out of the mold of a traditional garage door by placing windows in multiple patterns dependent on the window openings you desire. Whether you desire a modern take on a wood grain door or wish to match the window pattern to an entrance door, SelectView makes it easy to create a unique garage door window pattern to complement the style of your home or create a unique look.

Carriage House Options

- Add windows to a flush door to create a modern, custom look to fit your home or business.
- Available in Flush (10) models.
- Available with Decorative glass, Specialty glass & inserts.
- Largest glass window size - 39 7/16" x 13 5/8".

(Possibilities shown below, many more available)

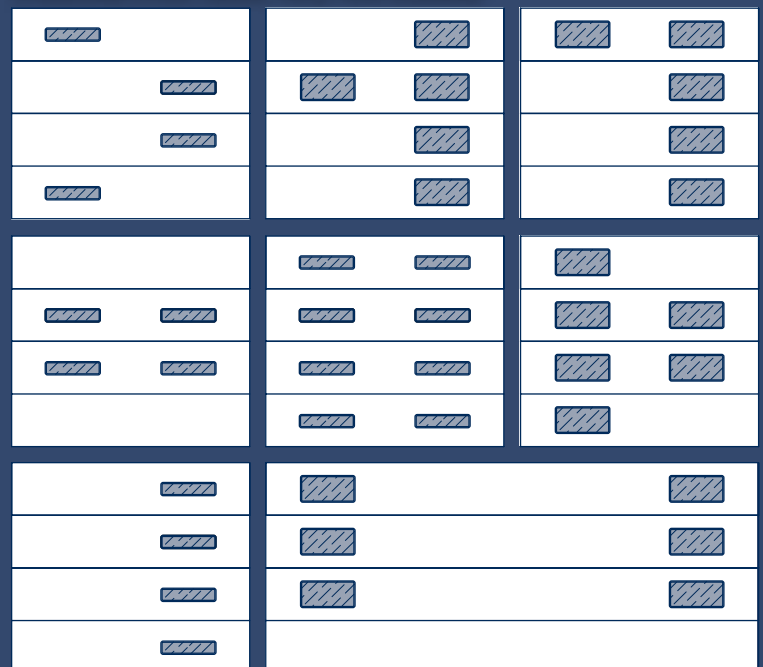

TL Options

- Take the ordinary residential or commercial door to extraordinary.
- Available in Flush, V-Groove, and Ribbed Steel models.
- Commercial Ribbed Steel: 24" x 6" and 24" x 12" window sizes, black frame – All other series: 25" x 12" and 24" x 6" window sizes, large window frame matches door color.

(Possibilities shown below, many more available)

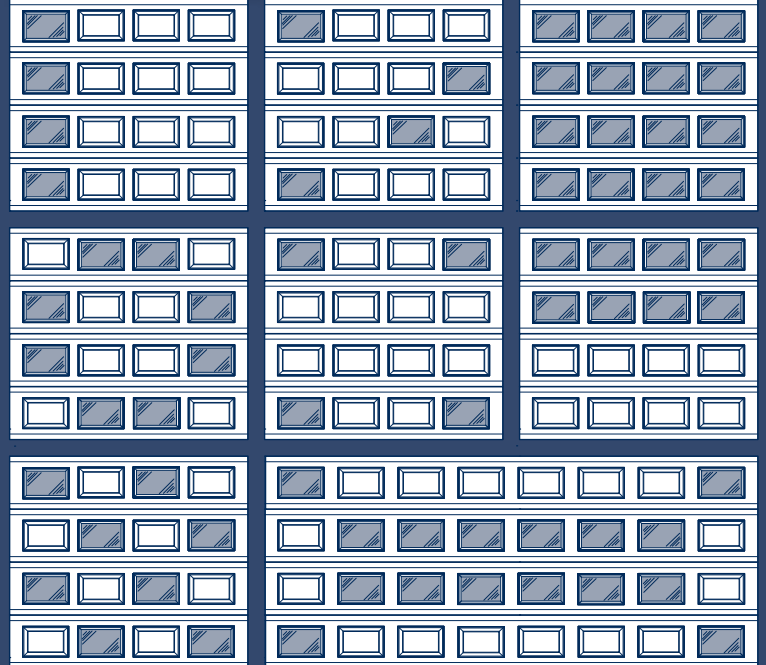

SelectView

Standard Options

- Mix windows & standard panels for a unique look.
- Available in Standard (80 & 90) stamped panel models.
- Available with Decorative glass, Specialty glass & inserts.
- 18 3/8" x 11 3/8" window size for 5000, 800, 2000, 700 and 600 Series – 17 3/8" x 11 3/8" window size for 2400, 2500 and Commercial Ribbed Steel Series.

(Possibilities shown below, many more available)

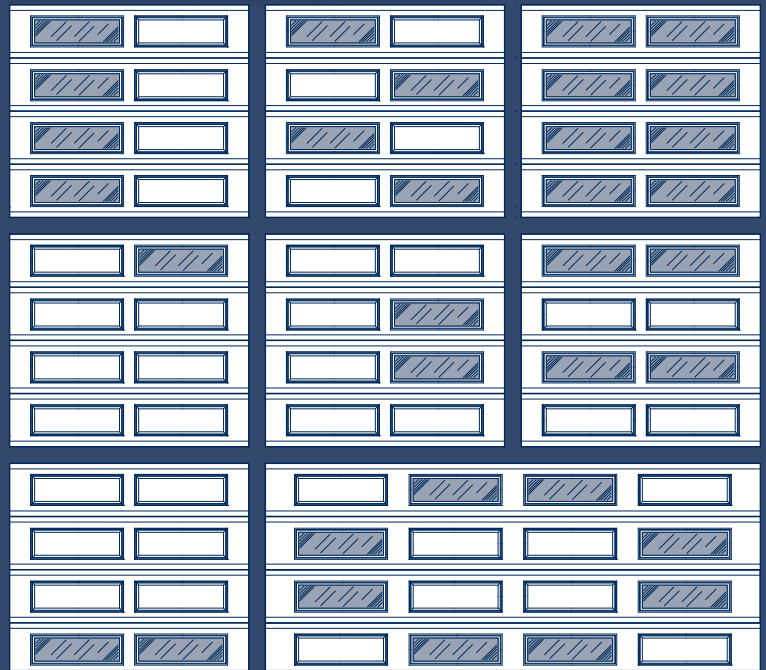

Ranch Options

- Create curb appeal with windows and panels.
- Available in Ranch (70) stamped panel models.
- Available with Decorative glass, Specialty glass & inserts.
- 39 3/8" x 11 1/2" size window.

(Possibilities shown below, many more available)

All Glass Option

- SelectView provides an alternative to the smooth look of the modern RA360 by using wood grain embossed steel, or stucco embossed aluminum with all glass sections.
- Get the best of both worlds, style and performance, for mostly glass or all glass garage doors insulated with polyurethane and a bulb seal option between the sections to prevent air infiltration.
- Available in four beautiful wood grain colors.
- Available with Carriage House, TL, Standard and Ranch window series.
